by Ignas Meilūnas

PRESS KIT

# SYNOPSIS

In a shiny winter wonderland two friends Piglet and Cow are having a blast ice-skating on a lake when suddenly a strange and unfamiliar world cracks open underneath them.

Now they must learn how to overcome the fear and deal with the otherness not letting preconceptions rule.

# BEHIND THE STORY

The film is most suited for preschoolers and speaks about friendship, kindness and finding courage to help someone who is different.
