**DARE TO
BE
FABULOUS**

As to prove himself to his gangster father, Alessandro decides to rob a bar. What he wouldn't expect is to meet another side of his father: Lady Victoria the drag queen.

A large, colorful, spherical object with a grid-like pattern, resembling a globe or a decorative sphere, set against a dark, textured background. The sphere is composed of many small, overlapping, rectangular panels in various shades of purple, blue, and red. The background is dark and textured, with some lighter, abstract shapes. The overall composition is abstract and artistic.

In an afternoon like any other, Alessandro, with the intention of proving himself to his father, the best gangster in the city, decides to go and rob a bar with his friend Joe. Arriving there they are particularly surprised to realize that the bar in question is not just like any other bar, it is a drag queen bar. While Joe approaches the barmaid to take her money, Alessandro ends up getting distracted by the performance being held. What he soon finds out is that the performer in that night is none other than his father Matteo, this time as Lady Victoria.
